This tournament gave our newly formed squad the chance to prepare for next season. The boys showed the potential that they have winning two games, drawing one and losing one but only 1-0. There was some great defending thought out the tournament from the boys at the back and some impressive goal keeping from George. The midfield looked to find each other and Mason up front with some great passing and this created plenty of goals and other opportunities to score.

Player of the day was Mason for his willingness to chase the ball and some fantastic powerful shooting.
