We went to Caslon for a second game this year and played some delightful football against a team who like to play long balls and keep seven players behind the ball at all times. We worked hard to create plenty of chances but our finishing was not strong enough to beat the keeper. Then, against the run of play, the Caslon striker found herself one on one with Teri-Ann who couldn't quite keep the shot out.

After a half time chat about using the power we know we have, Grace scored within 30 seconds of the restart with a thunderous shot. With ten minutes remaining Ruby played the ball across the keeper and it went in off the post. The girls kept the ball well for the rest of the game to register a great win.

There were lots of brilliant performances throughout the game but joint players of the match were Teri-Ann for being so brave in goal, Ruby for working hard to win the ball back time and time again and Lily for never giving up and listening to instructions at all times.
